Discover Montana in the winter, where The Ranch at Rock Creek offers one of Big Sky Country's storied ski areas. "Standing at the top of the lift it becomes clear. This is bigger than you ever realized. The mountains are bigger. The landscape is bigger. For that matter, the turns are bigger. Quite frankly, the only things not big are the lift lines". *\*Montana Department of Tourism*

Guests visiting in winter enjoy the perfect balance between invigorating exercise and relaxing tranquility. Whether you are a novice skier or an accomplished powder hound, you will find your personal paradise at Discovery Basin. You can make it into a workout by downhill skiing in the deep snow or choose to go for a leisurely stroll on one of our snowshoe-specific trails on property. Head out on cross-country skis for a tour of the Ranch or go deep into the expansive wilderness on a snowcat adventure. You can also take an exciting snow mobile ride or relax in a horse-drawn sleigh during your winter vacation at The Ranch.

**What guests have been saying about their time with us!**

I have NEVER had so much trouble writing a review for Tripadvisor! I am a senior contributor and have written over 50 reviews. My issue is that Tripadvisor does not allow anything to be rated more than 5 stars...Ranch at Rock Creek deserves 100 stars! I have never been to a place as lovely or special as Rock Creek.

**After leaving the Ranch he is hoping we can go back next summer with our teenagers!!! HOORAY!**

**We felt as if we were living in utopia. The setting is magnificent, private, surreal!**

**The food was fabulous! Most refreshing for us was that we never felt that we were gorging on meals. Chef Josh served delicious, satisfying and healthy creations.**

**If you are looking for the highest quality of vacations...book your trip to Rock Creek! I'll be jealous thinking about all of the lucky guests experiencing the most lovely place I have ever been.**

At the Ranch since the beginning, Spa Director Sarah Welles is responsible for developing an amazing menu of treatments. Her favorite is the Rock Creek Ritual because the guest receives "a bit of everything - from full body exfoliation to a hydrating wrap, scalp massage and full body massage." The Rock Creek Ritual is also fantastic after a long day of skiing or just to warm guests up on cold winter days.
